LLANELLI THROUGH TIME

KEITH E MORGAN

The largest town in the county of Carmarthenshire, Llanelli has a long and illustrious history. This book draws on an assortment of some 200 old maps, prints and photographs to illustrate the transformation of Llanelli from a small medieval hamlet and fishing village on the sea shore of the Burry Estuary, through a period of renown as the centre of the world's tinplate industry, to its present-day importance as a thriving commercial and industrial town.

Coal mining, smelting and shipping established the town's industrial heritage before it became known as 'Tinopolis'. Today, tinplate is still manufactured at Trostre Works, one of the most modern plants in Europe, while Llanelli also has claim to fame as the home of the famous Scarlets rugby club. Llanelli Through Time is an essential volume for anyone who knows and loves this proud Welsh town.

MARKETING, PUBLICITY, PRESS

- The latest title in Amberley's extensive and highly successful *Through Time* series
- Review coverage in the local press and radio
- Full colour, bringing history and memories to life

THE AUTHOR

Keith E. Morgan was educated at Dynevor Grammar School, Swansea, before taking up and completing a telecommunications apprenticeship with the General Post Office. Following two years National Service in the RAF as an Air Radar Mechanic on V-Bombers, he continued his career in the GPO as a Telecommunications Engineer. He subsequently entered the Steel and Tinplate Industry as a Chartered Engineer specialising in Telecommunications and Computer Automation Systems. Following retirement, he rejoined the Tinplate Industry as an Engineering Consultant to Project Manage the Millennium Bug Change-over and he has been engaged ever since as Curator of the Tinplate Museum at Trostre Works, Llanelli. In 1995, he took his first step to becoming an author and have been publishing books ever since.
