

Llanelly House Tour 2010

During the restoration of Llanelly House, tours are being arranged for interested people to look around the building to gain an appreciation of the task in hand. With eight people touring at a time, plus two guides, the round trip takes about two hours. On Sunday 26 September 2010 the tour was conducted by Lisa and Estelle. With Lisa leading and giving a non stop and fascinating explanation of all there is to see, Estelle followed up the rear ensuring no one disappeared down any holes and added her own snippets of information.
